

**MEMORANDUM OF UNDERSTANDING with
ICAR-National Institute of Biotic Stress Management (NIBSM)
Baronda, Raipur**

Between POST GRADUATE SCHOOL, INDIAN AGRICULTURAL RESEARCH INSTITUTE and NIBSM in the areas of agricultural research and teaching.

1. This memorandum of understanding is executed on 22.9.2018 between INDIAN AGRICULTURAL RESEARCH INSTITUTE(P G SCHOOL, IARI, New Delhi) and NIBSM, **Baronda, Raipur** for carrying out collaborative agricultural research and teaching in relation to improvement of Biotic Stress Management.
2. Inducted NIBSM faculty will be accredited with PG SCHOOL, IARI for guiding Masters/Doctoral research of P G School, IARI students.
3. The students who opt for such research work that may require work at NIBSM or support of faculty of NIBSM alongwith sessions required to be completed at NIBSM will submit the thesis at P G School, IARI for respective degrees.
4. The students will be admitted at IARI and will undergo Course work and written and all oral examinations at IARI. The Co-Supervisor of the student at NIBSM shall join the Final Viva-Voce Examination of the student.
5. NIBSM will provide necessary infra-structural support to students such as hostel, library, farm, laboratory and computer facilities, etc. during the research work undertaken there. P G SCHOOL, IARI and NIBSM will share joint credit in publications, reports and awards resulting from information generated under collaborative research and degree projects.
6. The Faculty identified at NIBSM and approved by the Academic Council as faculty of P G School, IARI shall be eligible to serve as Co-supervisors of students and may be required to visit IARI for short periods for teaching Theory and/or Practical classes. Such visiting faculty shall be provided guest house accommodation at IARI, New Delhi.
7. Expenses on TA/DA of the visiting scientists shall be met out from the concerned institute/department from where salary is drawn.
8. Identified NIBSM faculty will look after the day to day conduct and progress of the student during his/her stay and also supervision of experiments at NIBSM.
9. Both the collaborating institutions shall maintain confidentiality on the techniques and results of the research work.
10. Any new developed technology will be taken up for commercialization or adoption in farmers fields through frontline demonstrations, Kisan Goshties and Kisan Melas. These activities will be undertaken under the supervision of Dean & Joint Director, P. G. SCHOOL and IARI experts.
11. Joint meeting of NIBSM and P G SCHOOL, IARI teams will be held at least once a year.
