National Status of Biotic Stresses of Crops

Contents

Introduction	1
I. Agricultural Crops	
1. CEREALS	
1.1. Rice	4
1.2. Wheat	10
1.3. Maize	14
2. Millets	
2.1. Sorghum	19
2.2. Pearl millet	21
2.3. Finger millet	22
2.4. Barnyard millet	23
2.5. Foxtail millet	24
2.6. Little millet	24
2.7. Kodo millet	24
3. Pulses	
3.1. Pigeonpea	27
3.2. Chickpea	29
3.3. Black and greengram	31
3.4. Cowpea	34
3.5. Lab-lab	35
3.6. Rajmah	36
3.7. Lentil	37
4. Oilseeds	
4.1. Groundnut	40
4.2. Soybean	42
4.3. Rapeseed-Mustard	44
4.4. Safflower	46
4.5. Sesamum	47
4.6. Sunflower	49
4.7. Castor	50
5. Commercial crops	
5.1. Sugarcane	53
5.2. Cotton	60
5.3. Tobacco	64

II. Horticultural Crops

6. Tropical, Temperate and Minor fruit crops

6.1. Mango	67
6.2. Guava	73
6.3. Sapota	76
6.4. Citrus	78
6.5. Grapevine	83
6.6. Pomegranate	87
6.7. Banana	91
6.8. Apple	95
6.9. Peach	96
6.10. Pear	98
6.11. Plum	99
6.12. Jack	102
6.13. Papaya	103
6.14. Ber	105
6.15. Litchi	107
6.16. Date palm	109
6.17. Aonla	109

7. Vegetable crops

7.1. Brinjal	112
7.2. Tomato	114
7.3. Lady's finger	117
7.4. Chilli	119
7.5. Onion and Garlic	121
7.6. Legume vegetables	123
7.7. Cucurbits	125
7.8. Cole crops	128
7.9. Potato	134

8. Spices and Seed spices

8.1. Black pepper	139
8.2. Cardamom	140
8.3. Ginger	142
8.4. Turmeric	144
8.5. Clove	145
8.6. Vanilla	145
8.7. Cumin	148
8.8. Coriander	149
8.9. Fennel	150
8.10. Fenugreek	151

9. Plantation crops

9.1. Coconut	154
9.2. Oilpalm	157
9.3. Cashew	159
9.4. Arecanut	162
9.5. Coffee	165
9.6. Tea	167

10. Fodder crops

10.1. Berseem	170
10.2. Lucerne	170
10.3. Oat	171

List of agro-climatic regions / zones of India	173
Acknowledgements	174
